

NORSTAR[®]

INDUSTRIES, INC.

SLIP-IN SKID INJECTION SPRAYER

SAME PRECISION SPRAYER - MORE FLEXIBILITY

EXPERTS IN DESIGN & DELIVERY

Norstar has built and delivered over 500 injection spray system trucks. Our expertise and quality standards ensure that you get a sprayer that will last.

EXPERTS IN ROADSIDE SPRAYING

Our proprietary nutating sprayhead is one of many features developed by our in-house engineers to increase the spray precision and accuracy.

EXPERTS IN CUSTOMER SERVICE

When you call Norstar, you speak directly to people who know your sprayer. Our team has over 100 years of accumulated experience building roadside sprayers.

PERISTALTIC PUMP

SPRAYHEAD

CLOSED-LOAD SYSTEM

IN-CAB CONTROLS

INJECTION SPRAY SYSTEM – THE SKID

The quality of our roadside spray system with increased flexibility

WHY A SLIP-IN SKID?

Norstar created the standard for slip-in skids.

Our skid is designed to be loaded on and off the truck bed and does not require a truck dedicated to spraying.

Skids come with the same advanced technology as our truck-mounted sprayer: **peristaltic pumps**, **7-section nutating sprayheads**, **in-cab controls**, **closed-load system**, and **GPS tracking** options.

We have a sprayer that is right for you.

FEATURES COMPARISON

	SLIP-IN SKID	TRUCK MOUNTED SYSTEM
Dedicated truck	no	yes
Water tank	up to 1,000 gallons	up to 2,600 gallons
Chemical tanks	2	up to 6
Longshot boom	not available	optional
Tank mix	optional	optional

OUR 100-POINT QUALITY CONTROL INSPECTION IS WHY 99% OF THE SPRAYERS WE MAKE ARE STILL ON THE ROAD AFTER 20 YEARS OF SERVICE.
